Parents and kids learn together. All learn on the yacht or keelboat; you tell us the duration you want plus the start and finish dates.

Course Listings by Destination

All of the courses advertised by us are grouped into sailing areas and not ability levels.

Why?

If you're booking as a couple and only one of you wants to do the training then you'll know where you'll be spending your time cruising.

Because the most common question we are asked is - where will be sailing? We've decided to let you know in advance. Every trip in this area of the world is incredible but it's nice to plan.

All courses are suitable for beginner and intermediate sailors but for those looking to complete advanced training you should choose courses of 7 or more days duration.
