- 14 General Meeting & Budget
- 21 Executive Meeting
- 31 New Year Eve

*Bar Open All Fridays*

### Commodore's Report

*Doug Bell*

Well here we are, another new adventure, with my first Logline Report as Commodore. I am very honoured and proud to be your Commodore, representing you and the Nanaimo Yacht Club for 2017/18. I am looking forward to working with you all this year, and together we will keep our Club running successfully for all members to enjoy.

I would like to thank everyone who came out to celebrate the Change of Watch at the Commodores Ball, what a blast. Family, Friends, Past Commodores everyone made it a very emotional time. My Master of Ceremonies Lorana LaPorte, I knew you would do a fantastic job, and you did. Perhaps a little too much history of my past episodes at times but all in jest, thank you so much. To the Commodore's Ball Committee, all that I can say is WOW, Staff Captain Leslie Smith and all of the committee did a magnificent job on everything that night to make it all run so smoothly. Thank you all.

This coming year is going to be a very busy one and I have great confidence in all our Bridge Members and the Chairpersons that run our Committees. All the volunteers that serve on committees, your hard work and generosity with your time is recognized and greatly appreciated, without all of you this club would not be where it is today.

Kathy and I are looking forward to the opportunities this year will bring, especially the opportunity to meet more of our club members. If you see us on the water, please stop by and say hello we will be stopping by to say hi to you.

Kathy and I would like to wish you all a Merry Christmas and a very Happy and Healthy New Year.

## Fleet Captain's Report

Michael Reeves

Here it is December (already). With Christmas just around the corner it is a busy time for all.

For those who don't know the restaurant at Silva Bay had a fire. I received confirmation that they are going to rebuild and that permits and such are in place.

They hope to be up and running for next summer. Great news for all of us who use this out station.

Any one going to the Victoria Splash??? I'm told it sold out early last year and this is a reminder if you want tickets you should make arrangements. If there is enough interest do we want to make this a club event? Anyone interested in Hosting?

I have started work on the Ladysmith Dinner Cruise. Anyone want to help put on the event? If you haven't been to one of the Nanaimo Yacht Club's cruising events – this is the one to attend.

I would like to have a cruising committee meeting

early in the New Year. Think about what as a club you would like to see under our cruising committee and I will see what we can do to make it happen.

December 14's general meeting is one everyone should attend. Not only will we be discussing the Budget but we should hear from the committee that is working on the outstation for the Sunshine Coast. Remember the bar is open most Friday nights.

Parking:

Remember those parking passes. All cars parked in the NYC parking lot must display a parking pass with the member's number visible. (We need to know who's parked in the lot). All vehicle parked in the north parking lot must be parked inside the markings. The lane way must be kept clear as it is a fire lane. Failure to comply with the above will result with your vehicle being removed at your cost.

I haven't had a chance to meet with our sailor yet but have that on my things to do list.

Submitted by Fleet Captain Michael Reeves

## Staff Captain's Report

Leslie Smith

Here is my first report as Staff Captain,

I joined the Nanaimo Yacht Club with my husband Burnie in 1998. I served as Entertainment Chair for several years as well as a director for one year. After taking some time off to pursue another community leadership position's I came back as a director for the second time last year. I was asked to step up as Staff Captain and joined the bridge.

On November 18th we held the Commodore's Ball with just over 100 members and guests in attendance. Special thanks to all the volunteers who helped with this event.

New Year's Eve Party tickets are now on sale at the office with a live band again this year. The club will supply party favours and champagne at midnight.

We suggest you buy your ticket early as this is usually a sold out event.

One of the duties as Staff Captain is event planning, I would like to have a meeting in early January with all the members who are currently on the committee so we can have our events for 2018 all in place. I will also be in touch with other committees under my flag as yearbook, heritage, bar, logline, nominating committee, and finance-committee. Looking forward to a great year with a big learning curve.

Special thanks to those members that came out Friday night for our potluck and Deck the Halls. We had about 20 members in attendance. Nice to see so many new faces.

Wishing everyone a Very Merry Christmas!

Leslie and Burnie Smith

## Report on 2017 Boat Safety inspections

After the weekends of Sept. 28/29 and Nov. 4/5 the approximately 370 boats in the NYC Marina have been inspected and accounted for.

This year many attended the safety inspections on the appointed weekends, which helps keep Rusty's work load down.

Thank you to all the inspectors who came out to look at the boats, powered by coffee, donuts, and pizza .  
Special thanks to Rusty for all his help.

Thank you,  
Michael Harrison  
Boat Safety Committee
